THE ASHEVILLE AVALANCHE

THE NEWSLETTER OF THE ASHEVILLE SKI CLUB

April 2019

President's Message

Hello skiers,

Just back from Japan, the ASC ski trip that Jan Van Dine lead. What a trip. Skiing three days in Nagano, the home of the 1998 Winter Olympics, visiting small towns and having authentic Japanese food, sake and time for shopping not counting the Cherry Blossom tour in and around Tokyo. Jan gives you the full details in her trip report.

Elections will be held at the April meeting. We still need nominations for Vice President to serve on the Executive Committee. We will take nominations for all offices including three board member positions.

Also at the April meeting, we will recognize and celebrate the Asheville Ski Club Race Team. They brought the Crescent Ski Council Trophy Cup back to Asheville. Job well done to everyone that participated.

We're planning trips for 2019-2020 season. We will announce those in the next 60 days and they will go on sale June 1st. Be on the lookout for these deals.

For our July meeting, we are going to watch the Asheville Tourists play. We have rented out one of the covered areas with a buffet of hotdogs, burgers and other food. This is a family event, so bring kids, parents, grandkids, granddads and grandmoms too. Details to follow.

In closing, much appreciation to everyone that serves as a volunteer with our club. We make a lot of things happen each month to serve you. Special thanks to Tom Bushar, our Avalanche Editor who brings our trips, news and happening all together each month. Tom, I'm sure it's like herding kittens to gather everything each month, however, thanks for all you do to preserve the history of our club and keep everyone informed.

Yours in Service,

Wayne Bailey

Newsletter Editor's Notes

Sometimes things just don't go as planned. That happened to me just before I embarked on the April Avalanche edit. Whoops - there went my computer. I pondered what life might be like for our many readers in the absence of their beloved newsletter. With that dreadful vision in mind I set upon a mission to expedite the replacement/upgrade of my digital capabilities. Now I have top gear with lightning speed to bring you all the news that's fit to print. I can hear you all breathing a big sigh of relief!

And nice news it is, particularly with regard to another smashing success on the slopes as Asheville Ski Club took the honors at the Crescent Cup. Be sure to see the detailed results herein, along with previous victories.

Tom Bushar
Avalanche Editor

Also check out the pictures and story from the ski trip to Hakuba Valley in Japan. In addition to the upcoming ASC & CSC events featured in this Avalanche edition, take a look at these bonus shots of Greg and Susan at Vail...

Some Other Reminders

- If you are a new member please try to get another member to take your picture at any ASC meeting and email it to me at tbushar@gmail.com or to Jim Baker at james_baker100@att.net. We try to feature new member names and pictures in the Avalanche so folks can get to know you.
- Find out what's going on throughout the skiing world by visiting the website: <http://skifederation.org> and scroll down to tab called Fed News Beat.
- If you have something that's "fit to print" in the Avalanche, you can email me directly at tbushar@gmail.com with your story and pictures. Your story does not need to be written in final form. I generally edit, elaborate and embellish as necessary to generate interest.

So, tell us what you want--what you really, really want!

It's time to sign up for trips for the 2018-19 season and Asheville has got something for everyone. Don't delay. The Japan trip sold out in three days. You let us know that was a trip you wanted and then showed us by signing up right away. Other trips may fill almost as quickly and often it is impossible for us to get more rooms and air at the same low price. Delaying may put you in a different condo or hotel, paying a higher price.

Many other clubs are expanding to include adventure trips, cycling trips, SCUBA trips and more. Our bike and boat trips have sold out within days, which is typical for such trips. Jeff Kenrick is exploring the possibility of running an African safari trip, a trip which has been successfully run by other clubs. Trips to California's wine country are also popular. Some trips may only come around once so just go for it.

After all, it's more fun to travel with friends than to travel alone. Studies have shown that people with friends live longer and healthier lives, and people who travel keep their brains more alert fending off dementia.

So consider a trip a prescription for a healthy, happy life. Traveling is definitely more fun than watching tv at home. Memories are better than having more stuff - seriously, do we really need more storage facilities?

The trips committee is open to suggestions and we're currently planning our trips for 2020. Spain will be a great trip for everyone and we expect to take a large group for that one. We're wide open for other trip ideas.

So, tell us what you want--what you really, really want! Drop an email to any of the following:

This season is winding down but we're already thinking about next year. Sports America is excited to offer some pretty great perks to both clubs & individuals who choose to promote & purchase both Epic & Ikon Passes. The best deals are happening now!

Where do you buy them?

EPIC - book at www.sportsamerica.com/epic-crescent

IKON - book at www.sportsamerica.com/ikon-crescent

How much do they cost?

We will always sell the price for the exact same amount as booking direct. No added credit card fees, no discounts.

You can choose to add the protection plan (recommended!) when buying from us.

What are the perks?

Sports America is going to give back 6.5% of the pass revenue to the guests & clubs!

Guests who purchase the passes will get a trip credit of either \$50 or \$30 depending on which product they purchase. Full Ikon & Epic Pass purchases will receive \$50 off their trip. Ikon Base pass, Epic Local/Tahoe/Summit passes will receive \$30 off their trip.

ADDITIONALLY, the CLUB which that guest is affiliated with (will be declared at the time of purchase) will receive the leftover revenue kickback.

So if a guest buys a full Ikon pass for \$949 - that guest will get a \$50 trip credit. 6.5% of \$949 is \$61.68. Deduct the \$50 given to the guest, and the club earns \$11.68!

Revenue will be calculated on the PASS price (not including insurance premiums).

Should a guest buy a pass from us and NOT end up attending a trip organized by Sports America we will issue that guest a credit in the earned amount to Amazon. Guest cannot choose an Amazon credit instead of a trip credit. Amazon credits are only applied if they do not travel with us and will be issued once pass sales close in early December 2019. Club Revenue will be issued once pass sales close in early December.

EXTRA IKON PERKS ----

Ikon has set up a special 'group' promotion for 1st time pass purchasers. Anyone who buys a pass at the above link by April 24th will qualify to get that pass at the same discounted price that guests who are renewing their pass get. It's basically \$30 cheaper than the published pass price.

So, whether you're renewing a pass, or buying for the first time, the BEST deal is to buy before April 24th.

Certainly, let me know if you have any questions. I'm happy to answer. I know many of you are still planning your trips - but the best deals are now so I wanted to get this info out asap!

Hakuba Valley Japan

March 23-31, 2019

What a Trip!

Well, 44 Asheville Ski Club members have now been to Japan to ski and sightsee. It was the best group I've ever had! People mixed with each other, skiing, eating and talking to each other and made a lot of new friends.

All decided the beds were a little too hard, but the toilets were incredible. Everywhere you went, you had toilets with heated seats, buttons to push for a bidet, or tush shower, with dials to adjust the water and seat temperatures. There were buttons for music (so you could "go" discreetly) as well as for automatic deodorizers. There were spritzers to sanitize the seat and even instructions for those people unfamiliar with sit down toilets!

Forty-two of us went to see snow monkeys, had a traditional lunch complete with sake and followed up with a trip to a Shinto shrine. Or was it Buddhist? There were a lot of them and they were all similar so it was easy to confuse them. We had spring skiing conditions the first two days, but the last day we were blessed with eight inches of fresh powder for those who preferred skiing over seeing an ancient castle.

Tokyo was a mass of people everywhere--especially in the gardens where the cherry trees and camellias were in bloom. The only downside to the trip was for poor Peggy Ayers, who came down with the flu and pneumonia the second day and was in isolation in the hospital. We returned home without her. Let's all wish her well and plan for an even better trip next year.

ASC Racing Results - 2018-2019 Season

This being the last newsletter to recognize the accomplishments of our ski racers this season, we have several pages of detailed results and pictures from the final events of the season.

Also shown for reference are pictures of our groups from 2019 and 2004, the last time we won the Crescent Cup. Recognize anyone?

Enjoy the next few pages and remember that we will be honoring our race teams at the Twisted Laurel general meeting on Tuesday, April 9th.
