THE ASHEVILLE AVALANCHE

THE NEWSLETTER OF THE ASHEVILLE SKI CLUB

March 2019

President's Message

Hello skiers,

What a month we've had on the slopes. The Taos trip led by Paul Dobson in February enjoyed epic snow conditions. See the Trip Report in this newsletter from Paul.

Silver Creek at Snowshoe is coming up this month. You should have signed up by March 3rd to participate in the race. Good success to our Asheville Ski Club racers.

Crescent Ski Council turns 50! Spring Convention 2019 Thu, Apr 25, 2019 8:00 AM through Sun, Apr 28, 2019 9:00 PM at Kingston plantation in South Carolina.

Make plans to join us in Myrtle Beach, SC at our Spring Convention April 2019! Crescent was formed in 1969 and will be turning 50 in 2019 and we are inviting you to join us in the festivities!! Crescent's 2019 Spring Convention will be the big event to celebrate 50 great years! Questions contact, Michelle Shuford, Conventions Chair at skibumlong@aol.com. Or Pat Harvey, Past President, at crescentpastpres@gmail.com.

Check out <https://www.crescentcouncil.org/conventions.html>

The Japan ski trip being led by the Van Dines will be happening this month. Forty plus skiers will be traveling for another epic week of skiing and a couple of nights in Tokyo for some sightseeing.

We will be celebrating our racers and their accomplishments this past season at the April meeting. Be sure to attend and show your appreciation to them for representing our club.

Our next meeting is March 12, 2019, 6:30 pm at Twisted Laurel (Upstairs) located at 130 College Street Asheville, NC. See you there.

Yours in Service,

Wayne Bailey

wayne_bailey642@hotmail.com

NEXT MEETING

Date: TUESDAY March 12, 2019

Location: Twisted Laurel Downtown

Time: Socializing 6:30 pm

Meeting/Program at 7:00 pm

www.ashevilleskiclub.com

Our March meeting will be held at the Twisted Laurel, 130 College Street, Asheville, NC 28801. We will celebrate the success of our ski racers. Be there!

Newsletter Editor's Notes

Well folks, the beat goes on...

Another great ski trip to Taos Ski Valley. This is a village and alpine ski resort in Taos County, New Mexico, United States. The population was 69 at the 2010 census. Until March 19, 2008 it was one of four ski resorts in America to prohibit snow boarding. The Kachina lift, constructed in 2014, serves one of the highest elevations of any triple chair in the North American Continent, to a peak elevation of 12,481 feet. Be sure to read the full report on the ASC February 16-23 trip led by Paul Dobson. That report is on page 9.

Tom Bushar
Avalanche Editor

Kudos again to those skiers in our club who just keep winning on the race circuit!! Take a look at all the race results and pictures on pages 13-19. Congratulations again to all the winners and thanks to our race leaders for all their efforts. Their work requires a tremendous commitment. Try to attend our March 12th meeting to celebrate their success.

So many opportunities abound for members of ASC! Catch the fun at the April CSC Spring Convention at Myrtle Beach highlighted on page 10. Another high point of this edition of the Avalanche is the September biking tour through Austria detailed on pages 11-12.

I also want to encourage all members to go to the website <http://skifederation.org> which has many interesting articles of interest to any skier or snow boarder. We mention it in the section below in each newsletter. I enjoyed the article about one of American skiing's pioneers at <https://www.seniorsskiing.com/mystery-glimpse-ski-legend-of-the-rockies/>

Some Other Reminders

- If you are a new member please try to get another member to take your picture at any ASC meeting and email it to me at tbushar@gmail.com or to Jim Baker at james_baker100@att.net. We try to feature new member names and pictures in the Avalanche so folks can get to know you.
- Find out what's going on throughout the skiing world by visiting the website: <http://skifederation.org> and scroll down to tab called Fed News Beat.
- If you have something that's "fit to print" in the Avalanche, you can email me directly at tbushar@gmail.com with your story and pictures. Your story does not need to be written in final form. I generally edit, elaborate and embellish as necessary to generate interest.

So, tell us what you want--what you really, really want!

It's time to sign up for trips for the 2018-19 season and Asheville has got something for everyone. Don't delay. The Japan trip sold out in three days. You let us know that was a trip you wanted and then showed us by signing up right away. Other trips may fill almost as quickly and often it is impossible for us to get more rooms and air at the same low price. Delaying may put you in a different condo or hotel, paying a higher price.

Many other clubs are expanding to include adventure trips, cycling trips, SCUBA trips and more. Our bike and boat trips have sold out within days, which is typical for such trips. Jeff Kenrick is exploring the possibility of running an African safari trip, a trip which has been successfully run by other clubs. Trips to California's wine country are also popular. Some trips may only come around once so just go for it.

After all, it's more fun to travel with friends than to travel alone. Studies have shown that people with friends live longer and healthier lives, and people who travel keep their brains more alert fending off dementia.

So consider a trip a prescription for a healthy, happy life. Traveling is definitely more fun than watching tv at home. Memories are better than having more stuff - seriously, do we really need more storage facilities?

The trips committee is open to suggestions and we're currently planning our trips for 2020. Spain will be a great trip for everyone and we expect to take a large group for that one. We're wide open for other trip ideas.

So, tell us what you want--what you really, really want! Drop an email to any of the following:

Taos

February 16-23, 2019

Where were you November 14, 2014? Many of us enjoyed a wonderful dinner at Margaret Crum's lovely home. The dinner was provided by Roger Mariani, the face of Snakedance Condos located in Taos Ski Valley, New Mexico. We told Roger, a long-time supporter of the Asheville Ski Club, that we would plan a club trip to Snakedance sometime in the future.

Ilona and Jeff

February 16, 2019, we kept our promise and those who made the trip were not sorry. It was perfect mix of fresh snow and sun. Taos Ski Valley offers "ski week" during the months of January and February. Two hour lessons are offered from 10 to 12 Monday through Saturday for the bargain price of \$230. Many of us opted to take these lessons which greatly enhanced the skiing experience. The resort has very varied and challenging terrain so having an instructor that was familiar with the mountain was priceless.

The accommodations at Snakedance were comfortable and very convenient to the slopes. We also had a full kitchen and there was a restaurant, lounge and small grocery store located in the building. We were greeted with a nice reception the first night and an off the scale dinner at the Mariani home on Monday evening. Many of us met Roger's wife Diane for the first time.

Suffice it to say, this trip was a winner. If you see one of our members wearing a souvenir Snakedance vest then you know that they were one of the club members that helped keep our promise made in 2014.

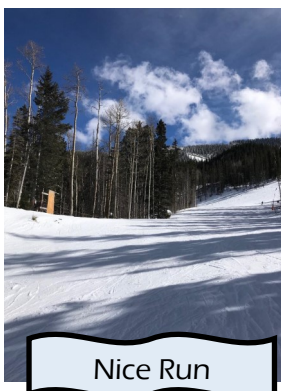

Bavarian Restaurant

Happy Skiers

Asheville Ski & Outing Club in partnership with
International Bicycle Tours presents:

Biking through Austria - September 9-19, 2019

Cost: \$2200/limited to 20 participants. Single supplement \$250

What's included

- Group transfer from Munich airport to first hotel
- Nine (9) nights in fine hotels
- Daily breakfast
- Daily dinners
- Use of our bicycles
- English-speaking guide
- Driver and sag wagon
- All scheduled visits per itinerary
- Our famous t-shirt
- Group transfer from last hotel to Munich airport

Group air from Asheville – Munich TBD

What's this tour all about

Starting near the Italian border, this adventure along rivers and through valleys is considered one of the most scenic rides in Europe. Wildflowers and cows in the fields, plus the half-timbered homes make for a gorgeous bicycle ride. Add to that the many dedicated bicycle trails, the charming city of Salzburg, and the waterfalls in Krimml, can life be better?

For more information contact Donna Ensley (828)768-6061 donnaensley101@gmail.com

Terms & Conditions

A deposit of \$500 per person is required to secure a reservation. If cancellation notice is received more than 90 days before departure, all monies will be refunded less a \$250 per person cancellation fee. If cancellation notice is received 90 to 30 days before departure, all monies will be refunded less a \$500 per person cancellation fee. If cancellation notice is received less than 30 days before departure, all monies will be refunded less a \$1000 per person cancellation fee. In the event that IBT cancels a tour, IBT will refund full payment; however, IBT is not responsible for expenses incurred by registrants, including but not limited to, non-refundable airline tickets, pre/post tour hotel etc.

ITINERARY

September 9, depart Asheville on overnight flight arriving in Munich September 10, 2019

Day 1 Krimml (no biking)

Meet your guide at the Munich Airport and transfer by bus to the village of Krimml, located in the province of Salzburg. On arrival, we'll fit your bicycle to you and test your bicycling skills to be sure that you are ready for your adventure ahead. Join us tonight for our welcome dinner.

Day 2 Krimml (hiking/no biking)

Start the day with an excursion to the Krimmler waterfalls, a spectacle that can be watched from close up by way of a footpath. Enjoy the sensational views of the roaring falls from numerous vantage points and platforms along the trail. The waterfall drops from a height of 1470 meters in three immense steps, making it the fifth highest waterfall in the world. Late this afternoon, attend a lecture on safety, rules of the road and the IBT corner system that will prepare you for the days to come.

Day 3 Niedernsill (29 miles)

Mount your bicycle for your first ride along the Salzach River to Niedernsill. Bicycle through an area known as the Pinzgau, which extends eastward from the Gerlos Pass to the Gasteiner Tal, bounded on the north by the Kitzbühel Alps and on the south by the Hohe Tauern National Park. The scenery is spectacular as your pedal on dedicated bicycle trails through quaint villages and flower-filled fields to Niedernsill.

Day 4 Leogang (32 miles)

Depart for Kaprun, a busy ski area, known for its reservoirs and glaciers. During a visit to the Tauernkraft power plant, discover the engineering feats mastered to harness the power of the glacial waters. Weather permitting, explore the Sigmund Thun Klamm on a wooden walkway overlooking the beautiful gorge, formed by the melting waters of the Hohe Tauern glaciers during the last ice age. Our cycling brings us to the town of Zell am See, a popular lakeside resort, where we will have time for lunch and exploration. We continue to Leogang, following the twists and turns of the rivers Salzach and Saalach. The Austrians have built a vast network of bicycle trails next to the rivers, making bicycling even more tranquil in an already very serene setting.

Day 5 Lofer (26 miles)

This should be a special day: according to the map (let's hope it is an accurate one) it is all downhill.... We are cycling on wonderfully quiet back roads with beautiful scenery and villages out of fairy tales to our destination, Lofer. Weather-permitting, hop into a cable car to ascend to the Lofer Alm, where the vistas of the Lower Saalach Valley are magnificent. There will be ample time following this excursion to explore the picturesque village of Lofer with its wonderful alpine architecture.

Day 6 Salzburg (34 miles)

Our route will take us through Bad Reichenhall, known for its health spas and salt production. Descend into the extensive network of tunnels and caves of the "Alte Saline" Saltworks below Castle Gruttenstein to learn how salt is extracted from brine. After lunch, we'll continue on to Salzburg, the city of Mozart, and our home for the next two nights.

Day 7 Salzburg (no biking/walking tour of the city)

After a hearty breakfast, we're off to join a local historian for a guided walk of the old town of Salzburg. The rest of the day is yours: explore the castle, the cathedral, sample some pastries on a terrace or just relax by the river.

Day 8 Burghausen (33 miles)

Our direction is north as we follow the Salzach. The Austrian who thought of building all the great bicycle trails certainly deserves an award: it is the most tranquil bicycling one could wish for. And when you are thirsty or hungry, a five-minute departure from the trail brings you to a village with shops and cafes. Our highlight today is the village of Oberndorf where the "*Silent Night, Holy Night*" carol was composed. Late afternoon we cross the border into Germany and stop in Burghausen for the night.

Day 9 Kirchdorf (15 miles)

The Inn River is our guiding light for this day as we head northeast. Before we leave Burghausen with its pastel-colored homes on the square, we visit the castle, the longest in Europe (1034 meters) complete with towers and bridges. We'll be bicycling on the Austrian side of the river to our final destination Kirchdorf, literally translated as "church village," one of the many villages in Germany and Austria that bears this name. Join your guide for the farewell dinner.

Day 10 Departure

Board a coach for the group transfer to Munich Airport and our flight back to Asheville.

ASC Racing Report (Erik Sandstedt)

What a great season for Asheville's race team!

First place in the eastern division again and most points overall. Our racers are improving their skills with every race and we are seeing new racers for almost every race weekend. The weather has been with us this season, even if we've had some warm and wet days. We have 50 racers that qualified for Crescent Cup, our final race for the season in Snowshoe/Silver creek.

Asheville skiers, with Doug McMillan as our inspiring leader have put in lots of effort to improve the safety level during our races. Many members have put in time and effort to bring, put up and take down safety nets during our races, and hopefully started a new trend where the ski resorts will make it safer for our ski racers. One of our goals for next season is that we can create more weekly training opportunities for our racers.

Thank you everyone that makes this part of the club fantastic, fun and a foundation to create good skiers for life.

CSC Racing Report (Ron Scott)

We have held two races since the last President's update. On January 5th and 6th we raced at Sugar Mountain. Gunther Jochl, owner and manager, spent approximately two hours pushing snow into Big Birch to prepare a race course for our Crescent race. Despite the warm ambient temperatures Sugar was able to provide a very high quality and fun race course for our racers. Sugar's race crew that weekend consisted of seven members who set, salted, maintained and assisted in scoring and starting. No other resort would or could have accomplished what Sugar did that weekend to provide a race course for Crescent Racing.

January 26th and 27th Crescent Racing was bashing the gates at Appalachian Mountain. The total number of racers, excluding qualifiers, for Slalom was 120. The total qualified racers for Giant Slalom on Sunday was 134. Conditions for our race were fantastic. The sun was out and the temperatures were cool. Very little salt was applied to the groomed race course surface. We had a weekend of racing that was fun for all and the smiles on racer's faces were as big as the sun was bright. What a joy it is to see our young Crescent racers and their parents enjoying each other, the outdoors and Crescent Racing.
