THE ASHEVILLE AVALANCHE

THE NEWSLETTER OF THE ASHEVILLE SKI CLUB

May 2018

President's Message

Greetings,

What a year! Asheville Ski Club members are the best friends that anyone can have. High spirited, energetic, welcoming, outdoor enthusiasts and above all the best darn skiers/boarders anywhere in WNC, Crescent and frankly the world. Our friends in Crescent are very proud of what our club has accomplished and it is all due to our membership. Thanks to each of you for your support and your contribution.

It is not over. We will continue to support Wayne Bailey as president and Ron Shulby as president elect/vice president beginning June 1st. Wayne and Ron have lots of leadership experience and love to ski. Joining these gentlemen next year will be Kay Haskell as Treasurer, Donald Hummel returning as secretary, and John Sherman as a new board member. Continuing board members are Erik Sandstedt, Margaret Crum, Doug MacMillan and Jim Baker. A huge thanks to each of these members for their willingness to serve our club.

Members volunteer a lot of time to ASC. Thanks to John Michael Kledis for three years of making sure our finances are in order, Paul Dobson for his three years of service on the board (and many other positions in the past), and Jeff Kenrick in the past president's role. We all know membership has its own life and Debbie Melton has done a bang up job to keep up with member records. We are finishing the year with 308 members.

(continued next page)

President's Message (continued)

The racing program could not have survived without the leadership from Erik Sandstedt and Doug MacMillan. These guys have great vision and passion to race and promote our youth. Erik and Doug have had tons of support from other racers and parents. John Oswald and Ken Porter Shirley were not only racing but also setting gates and assisting Doug with the junior race program at Wolf Ridge this year. It was always a joy to see parents encourage not only their own children but the entire race team. Thank you!

Summer socials were a blast. Thanks to Ellen Hofler for organizing a caving and tubing event. Jeff Kenrick rallied members for a camping event in TN with the East Tennessee club. Tom Bushar not only can produce a fantastic newsletter, but is an avid hiker and shared his passion with members last year. Thanks to Jeff, Margaret Crum, Donald Hummel and Wayne Bailey for providing unforgettable trips of a life time. Stay tuned for 2018-2019 trips. Details of the revised trip lineup are in this newsletter.

This is my last President's message and there is not enough space on the page to say all that I am feeling as I write this. I truly thank each of you for being part of this memory in my life.

I will not be far away and I will continue to support our club.

Regards,

Bill Melton skibill@charter.net

NEXT MEETING

Date: TUESDAY May 8, 2018

Location: The Twisted Laurel Downtown

Time: Socializing 6:30 pm

Meeting/Announcements at 7:00 pm

www.ashevilleskiclub.com

ASC May meeting will be held at The Twisted Laurel, 130 College Street in downtown Asheville.

Newsletter Editor's Notes

OK, I am again telling you that **SPRING IS HERE!** Like a stopped clock I am bound to be right at least once. Hopefully this is my time. It is also the time to look ahead to the summer and the following 2018-2019 ski season.

I hope you all took time to read Bill Melton's parting president's message. We all agree with his heartfelt comments. The Asheville Ski Club really is like a family - one that enjoys skiing, après skiing and other outdoor sports. It might be a little redundant, but I'd like to once again share one of my favorite pictures that exemplifies this feeling. This was taken on the patio of the Stein Eriksen Lodge at Deer Valley:

SKOL !

Tom Bushar,
Asheville Avalanche
Editor

So let's all hoist a glass to the new season, with our upcoming new officers and board, new events, new ski trips and new opportunities for fun!

Some Other Reminders

- If you are a new member please try to get another member to take your picture at any ASC meeting and email it to me at tbushar@gmail.com or to Debbie Melton at Ashskiclub@gmail.com. We try to feature new member names and pictures in the Avalanche so folks can get to know you.
- Find out what's going on throughout the skiing world by visiting the website: <http://skifederation.org> and scroll down to tab called Fed News Beat.
- Check out the ASC Facebook page and give us a "like."
- If you have something that's "fit to print" in the Avalanche, you can email me directly at tbushar@gmail.com with your story and pictures. Your story does not need to be written in final form. I generally edit, elaborate and embellish as necessary to generate interest.

Wayne Bailey, Incoming President

I joined ASC over 10 years ago. It was the 20th anniversary for Steamboat.

I have served as a Board member in the past and most recently as VP/President Elect. I was the ASC Park City, Utah trip leader February 24-March 3, 2018 and before that the Crescent Mt. Bachelor trip leader in January 2016. I have been a trip leader for 6 trips for ASC over the past eight years.

I starting skiing around 1985.

First ASC trip – Steamboat was my first time skiing out west and I was overwhelmed with the amount of snow and the terrain.

My favorite ski trip was to White Fish, Montana.

A note from Wayne: “I was in high school when I first skied in NC. I remember everyone skiing for hours and hours, all day in fact. I was only able to get just a couple of hours. At the time, it was because of my poor technique. Once I got into lessons at Steamboat, I could ski all day thanks to my expert instructors. My word of advice is to take lessons early and often. “

Ron Shulby, VP/President Elect

I have lived in Asheville for 30 years. I have been skiing for 43 years and a member of the Asheville Ski Club for about 15 years. I have been President, Vice President and a board member for a period of about 6 years in the past. I have seen our club and race team grow and become a wonderful part of our friendships and lives.

My daughter (18) learned to ski from other members of our club and has traveled with us on group trips. People ask me what was your favorite ski trip? I always answer it's the one I will go on next. I also have traveled with the club on the bike and barge trips to Holland and the last trip through Germany, Slovenia, Austria and the Czech Republic. Without our club I would not have ever experienced so many wonderful places and people. I am ready to be a part of the continued fun and growth.

What you might not know about Ron Shulby is his history as an FAA pilot, with a certificate to fly unmanned Aircraft Vehicles.

Donald Hummel, Secretary

Most everyone knows "The Donald," both as a trip leader and participant. Those of you who traveled to Mammoth Mountain, CA in January 2018 will recall that he was the trip leader for that event. Donald will continue to serve on the Board as Secretary.

Kay Haskell, Treasurer

Kay will be our new treasurer. In the June Avalanche we will feature Kay as our member focus so you can all get to know her.

John Sherman, New Board Member

Born and raised in Venezuela until the age of 14, I had no exposure to skiing. About 4 years ago my nephew gave me his downhill racing skis. Off I went to the slopes, rode up to the top and well. we've all seen what happens. But I was hooked...loved the speed, but realized I had lots to learn. I ordered a smaller pair of skis and tried it again.

I should mention my wife, Heidi taught skiing in Aspen. However, because I skied on weekdays when she was working she'd tell me what I should do without being able to watch me. I also peppered people on the chair lift for advice and viewed teaching videos online. My wife would go over things like planting the pole, turn, keep hands in front, bend knees, etc. Struggling with using the poles correctly, I decided to plant them permanently and haven't used them since. I'm like a snowboarder with a board on each foot.

I joined the ski club when I saw a flyer at Ski Country sports. I signed up for the Banff Trip and asked a friend to join me as Heidi was unable to go. Five of my friends joined in. What a fantastic ski trip! Being new to the ski club. I was impressed by the organization from door to door, (great job Jeff and Ilona). Everyone was so friendly and we all bonded right away. We even went Curling, the best sport ever... seriously.

Other outdoor adventures I've done include running 14 marathons and the Louisville Ironman. Some of my kayak trips include paddling from the headwaters of the French Broad in Rosman to Knoxville. I've also paddled from Henderson County to Charleston. I do hot yoga 2-3 times a week for balance and flexibility.

I've been a helicopter flight nurse for 25+ years and moonlight as neurology nurse practitioner. My wife and I have been married almost 21 years. We enjoy traveling. Our first big trip was trekking to the Base Camp of Everest in Nepal.

I'm grateful for my two wonderful step children. Brianna is a pediatric nurse in Denver and Drew is doing his post doc in biochemistry at Princeton. We have our first grandchild, Cormac, who is three months old and lives in Colorado. We try to visit as often as possible and take advantage of the great outdoors in whatever season.

2017-2018 Racing Wrap Up from Ron Scott

The 2017/2018 Crescent Race season is now history. We had to cancel the last three races of the season. The fourth race of the season which was scheduled at Beech was cancelled due to weather and lift problems. The fifth scheduled race was scheduled at Appalachian Mountain. Warm weather, rain and lack of snow resulted in us cancelling the Appalachian race. The Crescent Cup race was scheduled for March 9-11, 2018 at Silver Creek, WV. The Competition Department called and cancelled the Crescent Cup due to lack of snow and warm weather. This is the same situation we experienced last race season.

The support each club gives to its race team and the individual members of the team is immensely appreciated. I would like to recognize the Asheville Ski Club for their time and efforts in developing a very successful youth racing program. Doug MacMillan and other adult members of the Asheville Race Team have recruited interested youth in the Asheville area to participate in the training sessions they have at Wolf Ridge Resort. Parents have become excited and involved in the youth ski race movement in their area. The parents assist with training, fund raising and post-race and training activities. Because of Asheville's dedication to ski racing, Crescent Racing has seen an influx of youth and enthusiasm in our racing program. This is what Crescent Racing is all about, our youth, sportsmanship, family involvement, character development, and friendly competition.

2017-2018 Asheville Ski Club Race Team Awards

First Place – Erik Sandstedt
 Second Place - Alstair MacMillian
 - Bobby Roland
 Third Place – Ted Ford
 Fourth Place – Hope Robinson
 Fifth Place – Pierce MacMillian

Beech Mountain Resort's Installation of TWO New Chairlifts Will Decrease Travel Time, Increase Capacity to Summit and Riding Comfort

Beech Mountain, NC—Beech Mountain Ski Resort announces the replacement of two of its main chairlifts, to be ready for the 2018/2019 winter season. Lift 5, which ascends to the 5,506-foot summit, and was originally built in 1987, is currently being disassembled in preparation for the installment of a new Doppelmayr fixed-grip quad lift. The Doppelmayr quad lift will include the addition of a loading conveyor to ensure safe boarding, higher travel speeds and shorter trip times. Lift 5 will now offer 144 chairs with a 6-1/2-minute travel time accommodating 2,400 people per hour.

Lift 6, currently a double chair lift, also ascends to the 5,506-foot summit and will be replaced with an identical Doppelmayr fixed-grip quad lift. This new Doppelmayr quad lift will feature 106 chairs offering a 6-1/2-minute travel time with a capacity of 2,000 people per hour.

Both Doppelmayr quad lifts will feature foot support with upholstered seating and a back rest. Patrons can now expect to reach the 5,506-foot summit with easy on/off loading, comfortable seating, and a more efficient layout to eliminate line congestion.

Specs and details:

Lift 5

- Doppelmayr Fixed-Grip Quad
- Loading Conveyor
- 144 Chairs
- 6 1/2-minute trip time
- Upholstered seating and back support
- Foot rest
- 2,400 people per hour

Lift 6

- Doppelmayr Fixed-Grip Quad
 - 106 Chairs
 - 6 1/2-minute trip time
 - Upholstered seating and back support
 - Foot rest
 - 2,000 people per hour
- Total Capacity= 4,400 people per hour

Beech Mountain Resort will open for summer operations soon, including mountain biking, disc golf, live music, and yoga. Transportation will be provided to the summit and more information will be released in April.

Crescent Spring 2018 convention – April 26th – 29th

Members representing Asheville Ski Club:

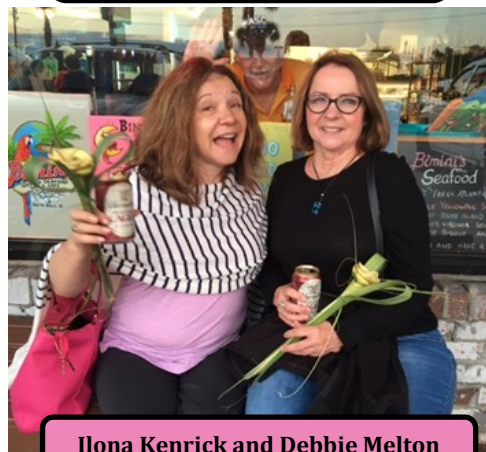

Racing – Erik Sandstedt

Trips – Jeff Kenrick, Paul Dobson, Greg Caspers and Margaret Crum

Club representatives/board meeting – Bill Melton and Paul Dobson

Costume contest – Susan Slettedal and Greg Caspers – won best couple

Support – Ilona Kenrick, Debbie Melton, Patti Haberstock and Dwight Moore

Crescent Spring 2018 convention – April 26th – 29th

Continued

Great Moments in Sport

Ladies and gentlemen, Jim Nance here. Please turn your attention to this awesome attempt at birdie by Dwight Moore:

Dwight is off the green, but his concentration is intense. Jeff Kenrick and Paul Dobson look on, confident that Dwight will finish with no more than a double bogey.

The crowd goes quiet as Dwight lines up his shot...

Then, Bingo! Dwight sinks the birdie and the crowd goes crazy! Jeff and Paul can't believe what they have just seen. But that, folks, is the nature of this wonderful sport.

You might want to go to golfchannel.com to catch the post-round interview. I will see you next at the Wells Fargo Championship at Quail Hollow in Charlotte, NC.

Regards,

Jim Nance

National Ski Council Federation Newsbeat April 2018

NSAA urges support for federal ski fee retention bill

The National Ski Areas Association is encouraging resorts on public land to help line up co-sponsors for the Ski Area Fee Retention Act of 2018, which was introduced in the U.S. House of Representatives and the Senate earlier this month. According to the NSAA, the bill would earmark a major portion of U.S. Forest Service permit fees, roughly \$22 million to \$24 million of the roughly \$37 million resorts on public lands pay in permit fees, for improving ski area permit administration, processing of ski area proposals, and addressing any backlogs in permit administration or processing. The fees can also be used for interpretation, visitor services and support of USFS Avalanche Information/Education. SAM

Smaller, independent ski areas join forces in the shadow of Epic-v-Ikon season pass battle

Independent ski resorts are laboring in the shadow of dueling giants to find their niche in an industry swiftly dividing into two distinct camps. High-profile independent resorts such as Jackson Hole, Crested Butte, Telluride, Alta and Snowbird have aligned with the brawling behemoths behind the Epic and Ikon season passes, which, at \$899 each, offer access to more than 50 of North America's 600-plus ski areas and host about a quarter of the continent's skier visits. More. The Denver Post via Inntopia/Destimetrics

Killington delivers new 365-day pass

After several years of building out its summer activities, Killington is offering a new year-round "season pass" for \$99 a month. The Beast 365 YearRound Pass provides access to all of Killington's year-round activities, from golf, mountain biking, and the Adventure Center to the lifts at Killington and Pico. More. SAM

Alterra Mountain Co. has \$555 million in ski-area improvements on the books, starting with a gondola at Winter Park and a bigger base restaurant at Steamboat.

Alterra Mountain Co. plans to spend more than half a billion dollars on its 12 ski resorts in its first five years as a resort operator, including \$130 million in a spending spree this year that includes a new gondola for Winter Park and a restaurant expansion at Steamboat. More. Summit Daily via Inntopia/Destimetrics

Tahoe ski resort develops plan to adapt to low-snow seasons

Heavenly Mountain Resort's plan calls for widening a dozen trails and removing potentially hundreds or even thousands of trees. The hope is to reduce skier and snowboard traffic bottlenecks on busy days at the South Lake Tahoe resort straddling the California-Nevada line. Low-snow seasons are expected to become more common due to climate change. More. WTOP Radio, Washington, DC

Learn to ski and snowboard month draws 90,000 newcomers

Resort partners in the 10th annual Learn to Ski and Snowboard (Month)/Bring a Friend initiative provided nearly 90,000 beginner lessons during January. Since its inception in 2009, participating resorts in the program have taught roughly 960,000 beginner lessons. More. SAM

Vail ski resorts keep making money even with pitiful snowfall in Utah and across the West

Vail resorts reported Thursday that its revenue for the quarter ending Jan. 31 rose 58 percent to \$235.7 million, compared to \$149.2 million for the same period a year earlier. Revenue from season-pass sales, the addition of Vermont's venerable Stowe Mountain Resort to its financial ledger and federal corporate tax cuts boosted Vail's bottom line, even though "historically low snowfall" across the West resulted in a 3.1 percent decline in visitation heading into February. More. The Salt Lake Tribune via Inntopia/Destimetrics

Member Business Cards

How about letting Asheville Ski Club help you advertise your business? Or maybe you would just like to let your fellow members know what you do for a living. We welcome you to share your business card by having it published in the Asheville Avalanche monthly newsletter. Just send a copy of your card to Tom Bushar at tbushar@gmail.com.

Local ASC Yahoo Group

Be sure to catch all the opportunities for joining other ASC members in local group activities. You can tie in with other members that might be skiing, hiking, tubing or camping together beyond planned ASC events. Just go to the following website: groups.yahoo.com/neo/groups/ASCskis/info.

You can join in the general group and join the conversations and plans.

ASC Mount Hood Race Camp

Sun, Jun 24, 2018, 7:00 PM –

Sun, Jul 15, 2018, 10:00 PM

Hey folks!

**Hope you're surviving racing season!
Registration is now open for the ASC Racing & Development Camp on Mt. Hood.**

The racing lane is reserved, Nanitch Lodge is reserved and staff is being hired.

Brenda Barbour-Mulcahy is returning as camp director, along with Coaches Sara Beekman and Thea Van Sickie Young. We are working to confirm fabulous Coach Ericka as well, and will be adding a few other coaches to the roster.

We are taking applications for 4 parent volunteers each week, as well as Counselors in Training. All documents can be found on the website.

We're also looking for sponsors of the camp - whose logo would appear on materials such as sweatshirts and other swag.

Please email me at stephaniecarson123@gmail.com if you have any questions.

You can also contact Joe Lackey or Ken Porter-Shirley.

Here is the link to registration payment:

<https://www.eventbrite.com/e/asheville-ski-club-racing-development-camp-tickets-38148935493>

The following link takes you to the website home page:

www.ascrdt.com.

Next page of newsletter shows the flyer.

Thanks again and we look forward to another fabulous and memorable summer!

Stephanie Carson

[MT. HOOD TRAINING PROGRAM](#)
[ASHEVILLE SKI TEAM](#)
[CONTACT](#)

In its second year, the Mt. Hood Summer Training Program organized by the Asheville Ski Club Racing and Development Team and supported by the Asheville Ski Club aims to foster and build on the tremendous racing talent we have in the region.

Interested? Sign up so we can add you to our distribution list.

[Subscribe Now](#)

In our 2017 Inaugural year, we trained more than 40 athletes at Timberline Lodge in Oregon, under the guidance of expert coaches, with activities coordinated by parent volunteers, that included rock climbing, white water rafting, mountain biking, hiking, swimming and more.

Beyond summer training, we offer training and racing opportunities to capitalize on the fact that some of the south's best skiing is found in our backyard.

Our goal is to provide year-long training opportunities for racers in the region to ensure they are prepared to compete on the regional and national level at SARA, USSA, Nastar and Crescent Race Events.

We are a parent-led volunteer organization and welcome your support and feedback as we develop this institution for our talented youth.
